Mike came today to service my generator. Very knowledgeable, courteous, professional and friendly. Answered my questions and explained things to me. I give hlm a 10!! I highly recommend Oak Electric for all your generator needs.

Whole House generator, great job and great service tech who performed my 6 month maintenance!!

Prompt and very responsive. Great service

They are always courteous and answer our questions. Our generator has been very helpful in bad weather . The service team is first class and very accommodating.

Had a great service call from Kyle today, very courteous & professional! Highly recommend Oak. Thanks Kyle!

Project: Install a Generator

Comments: Crew was completely professional. A pleasure to do business with.

Project: Install a Generator

Comments: Oak Electric is very professional!! They only recommend what is needed. They will offer option but never any pressure you. Highly recommend.

Project: Repair a Generator

Comments: Very friendly staff, especially Jason, our repairman.

Project: Install a Generator

Comments: The crew from Oak Electric did excellent work and very polite I would hire Oak Electric for any other project I have.

Project: Repair a Generator

Comments: Mike Burch conducted an inspection and maintenance on our generator. He was very professional and had unparalleled knowledge of our generator. He was very nice to speak with and answered all our questions. He went above and beyond in checking the generator in less than ideal weather conditions. He is a true credit to the company

Project: Install a Generator

Comments: Very competent, courteous and efficient
